ROPE LIGHTS 3M
Instruction Manual
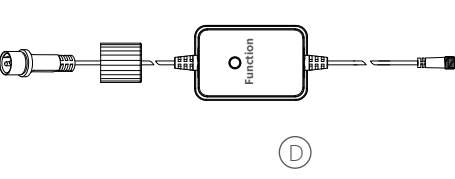

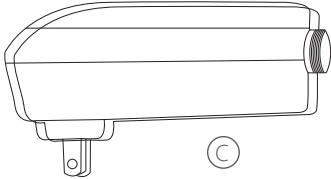

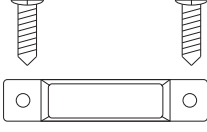

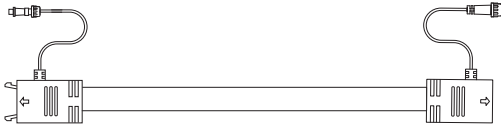

封面

Troubleshooting

? A controller and adapter can connect up to three 3M Rope lights. If you have been connect more than three,the following problems may been cause.

　　a. The Rope lights behind the third will not light up
　　b. The brightness of the Rope lights will decrease
　　c. The Rope Lights will not light up

? If the Rope lights does not light up for a long time in some modes, you need to press the button and hold for 6 seconds until the green lights flash three times.

? If you purchased a 6M Rope lights for connecting, you can use it as two connected 3M Rope lights.
